

DISCOVER CREATIVE DISPLAY & SIGNAGE SOLUTIONS

Help your clients reach their full potential by recommending these **unique and eye-catching display solutions** that can't be missed and are simple to set up.

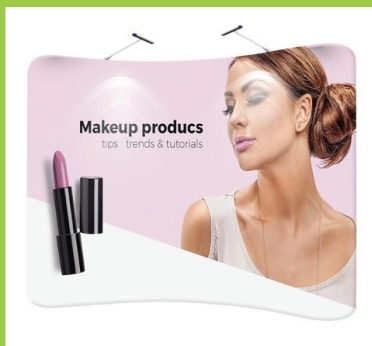

#1 –TUBE DISPLAYS

Big and bold branding that gets noticed.

There's a misconception in the industry that **large displays** must also be **complicated to set up**. That's not the case when you invest in **innovative tube displays** from **Soardist Displays Solutions**. How do they work? End-buyers can simply **slide the hardware inside** the display, just like putting a pillow into a pillowcase. Then when they're done, they can slide the hardware back out and put it away for next time. **It's that easy!** Best of all, this type of display isn't only **simple to set up**, it's also **extremely durable** and **economic**, especially compared to other display stand options.

Soardist Displays Solutions

10' Tube Curved Fabric Display Double-Sided Graphic Only (CPN-554114605)

Attract attention with this larger-than-life tube display, decked out with high-resolution, full-color graphics.

6' Tube Curved Double-Sided Fabric Display With Frame (CPN-554114692)

Lightweight yet durable, this tube display is the perfect size to get noticed while remaining manageable for setup and takedown.

33.5\"/>

Help your client's brand stand tall with this impressive tube display that's easy to assemble despite its height.

#2 – BRANDED BACKDROPS

Encourage social media shares with photo opportunities.

If your clients aren't taking advantage of **branded photo backdrops**, they're missing out on **major advertising potential**. Talk to your clients about the **social media appeal** of backdrops, which give event attendees the perfect place to snap selfies and video content to post on **Instagram** or **TikTok**. This gives your clients reach way **beyond their physical event space** and allows **social media watchers** all over the world to learn more about their business.

Soardist Displays Solution

Step and Repeat Backdrop

(CPN-554309860)

Provide passersby with a location to snap pictures to post, which can go a long way in raising brand awareness.

#3 – LED LIGHTING

Illuminate your client's event space – day or night.

For advertising to be effective, it needs to be seen. Unfortunately, **many convention centers and event spaces don't have the best lighting**, which makes it **difficult to see** branded displays and signage clearly in the dim light. Not only that, when outdoor events continue into the night, it becomes **hard to read marketing messages** after the sun goes down. Not ideal! Keep your client's brand illuminated in full brightness at all hours by presenting them **lighting solutions** from **Soardist Displays Solutions**. **Easy to attach** and compatible with a wide range of **displays**, this savvy investment will deliver a strong return in spades for your clients with every use.

Soardist Displays Solutions
